### PROGRAM DETAILS

The MedCerts Surgical Technologist program prepares students to become Tech in Surgery – Certified (TS-C) by the National Center for Competency Testing (NCCT). Professionals who earn the TS-C designation have the clinical skills and knowledge for maintaining asepsis during surgery, anticipating the surgeon’s needs, and remaining attentive to all aspects of the surgical procedure to ensure a safe environment for the patient.

**Program applicants must meet ONE of the following requirements:**

- Associate’s degree, or higher
- Enrolled in college/university-level degree program related to medical field
- Hold current certification in Sterile Processing, or related field.
- Min. two (2) yrs related experience:
  - Surgical technology experience not required, but must be w/in clinical/medical/healthcare environment. Direct patient care experience required.
- Employer Sponsorship
  - Sponsorship Acknowledgement form signed by prospective employer agreeing to host graduate for post-program surgical cases (scrubs) as full-time/part-time employee, extern, or apprentice – required to attain TS-C certification.

Throughout the Surgical Technologist program, students will learn the skills to:

-  Maintain sterile operative fields
-  Maintain inventory of medical supplies or equipment
-  Assist healthcare practitioners during surgery
-  Prepare biological specimens for laboratory analysis
-  Sterilize medical equipment or instruments
-  Monitor patient conditions during treatments, procedures, or activities

*\*While MedCerts training and related target certifications may be accepted and/or approved by your state of residency, employers reserve the right to dictate pre-requisite education, experience, or certification/licensure requirements for their positions. These requirements may exclude a MedCerts graduate from eligibility. We strongly advise students to research target job posts from area employers and relevant state requirements, barriers or restrictions to ensure eligibility upon graduation.*

**Some training programs and/or certifications may not be accepted in your state, please review our [State Restriction](#) page to confirm eligibility**

### ATTAINABLE CAREERS

- Surgical Technologist
  - Surgical Technician
  - Travel Surgical Technician
- Certified Scrub Technician
  - Operating Room Technician
  - Surgical Assistant

HI-6016	Surgical Technology	160	42	eBook
	TS-C Certification Pathway		26	

### CERTIFICATION EXAM REQUIREMENTS

Each certification body has its own eligibility requirements. Please make yourself familiar with these before applying for national certification testing. MedCerts sponsors certification but it is up to the student to ensure they meet eligibility requirements.

### EXPERIENTIAL/CLINICAL COMPONENT:

Graduates who attempt and pass the TS-C exam must complete CASE DOCUMENTATION within two (2) years of the test date. Case documentation requires a minimum of 125 surgical cases, including a minimum of 50 scrubs in general surgery; a minimum of 20 scrubs in orthopedic surgery; and a minimum of 55 scrubs in at least two of the following areas: Gynecology, Genitourinary, Cardiovascular, Neurosurgery, Obstetrics, Thoracic, Peripheral Vascular, Ophthalmology, Otorhinolaryngology, Plastic/Reconstructive, other (specify). Students are responsible for locating and securing a site to fulfill the clinical requirements of the program. MedCerts cannot guarantee placement to complete this clinical requirement.

### CRIMINAL BACKGROUND CHECKS AND DRUG SCREENING POLICY:

MedCerts does not perform criminal background checks, nor do we test students for illicit drug use. Please be advised that while MedCerts does not perform these checks, the student’s drug, criminal, or immunization status may prevent clinical/externship placement and future employment as a healthcare or IT professionals. Externship sites, employers, and State Boards of Pharmacy or other regulatory boards have regulations about immunizations, drug use, and criminal backgrounds. Regulatory boards, externship sites, employers, and other organizations that may require these screenings for placement, and adverse results may prohibit you from moving forward in the program. Candidates with a felony conviction are not eligible to participate in ANY MedCerts program that includes the Pharmacy Technician certification as a primary or secondary certification

The student understands that MedCerts does not hold any control over the drug, immunization, criminal, or background screening processes or policies held by any organization outside of MedCerts.

Upon 100% completion of this program, students will receive a “MedCerts Certificate of Program Completion.” This is proof of completion of training but isn’t a nationally recognized certification. Students are expected to take and pass the national certification exam through the issuing authority for recognized certification in their field.
