PROGRAM DETAILS

In this 4-week online CompTIA IT Fundamentals program, you will learn the basics of computer hardware, software, mobile computing, networking, troubleshooting and emerging technologies. The Fundamentals of IT training program is built of two courses: IT Professional Skills, and Ethics in the Age of AI and CompTIA ITF+.

The IT Professional Skills, and Ethics in the Age of AI course prepares IT enthusiasts with essential soft skills, focusing on effective communication, problem-solving, time management and adaptability in the context of AI and modern technology.

The CompTIA ITF+ course will provide you with the fundamental skills and concepts required to maintain, support and work efficiently with personal computers. You'll gain a fundamental understanding of computer hardware, operating systems, computer application software, networking technologies and protocols, web browsers, identifying security risks, troubleshooting errors and system maintenance. You'll also learn about cutting-edge technologies such as cloud computing and virtualization.

Once you've completed these courses, you'll be prepared to take the Fundamentals of IT exam, sponsored by CompTIA. The cost of your exam is covered by MedCerts.

CAREER SERVICES

For all MedCerts Students that are not affiliated with an employer partner, you also have the added benefit of Job Search Assistance including guidance with resume building, networking, interviewing, and job search tips.

ATTAINABLE CAREERS

- PC Support Technician
- Network Support Technician

- Desktop Support Specialist

Throughout the Fundamentals of IT program, students will learn the skills to:

- ✓ Demonstrate basic Computer and IT literacy
- ✓ Identify, compare and contrast common programs, applications and operating systems
- ✓ Recognize various computer hardware components and peripheral devices
- ✓ Understand basic network designs, sharing and storage, and wireless vs wired connections
- ✓ Define basic security threats and know fundamental security best practices

While MedCerts training and related target certifications may be accepted and/or approved by your state of residency, employers reserve the right to dictate pre-requisite education, experience, or certification/licensure requirements for their positions. These requirements may exclude a MedCerts graduate from eligibility. We strongly advise students to research target job posts from area employers and relevant state requirements, barriers or restrictions to ensure eligibility upon graduation.

Some training programs and/or certifications may not be accepted in your state, please review our [State Restriction](#) page to confirm eligibility

EXPERIENTIAL/CLINICAL COMPONENT:

Experiential/Clinical Component Requirements (not a requirement for IT-1100 Fundamentals of IT program) – Once students complete this program, they will be able to immediately start working with Career Services at MedCerts.

CRIMINAL BACKGROUND CHECKS AND DRUG SCREENING POLICY:

MedCerts does not perform criminal background checks, nor do we test students for illicit drug use. Please be advised that while MedCerts does not perform these checks, the student's drug, criminal, or immunization status may prevent clinical/externship placement and future employment as a healthcare or IT professionals. Externship sites, employers, and State Boards of Pharmacy or other regulatory boards have regulations about immunizations, drug use, and criminal backgrounds. Regulatory boards, externship sites, employers, and other organizations that may require these screenings for placement, and adverse results may prohibit you from moving forward in the program. Candidates with a felony conviction are not eligible to participate in ANY MedCerts program that includes the Pharmacy Technician certification as a primary or secondary certification

The student understands that MedCerts does not hold any control over the drug, immunization, criminal, or background screening processes or policies held by any organization outside of MedCerts.

Upon 100% completion of this program, students will receive a "MedCerts Certificate of Completion." This is proof of completion of training but isn't a nationally recognized certification. Students are expected to take and pass the national certification exam through the issuing authority for recognized certification in their field.
